1. The intent is to permit businesses to temporarily expand their services outside an establishment due to the hardships imposed by the COVID-19 pandemic. Must be operational in conjunction with an interior business of the same function and on the same property.
2. The process would supersede the typical Approval process reviewed by the Township Board, the Planning Commission, and the Zoning Board of Appeals due to critical time constraints.
3. Provisions contained herein would allow for activities to be located outside of the establishment on designated hard surface areas such as a patio or parking lot;
4. Business must possess a valid Certificate of Occupancy from the Building Department at the time of application.
5. Applicant must obtain written permission from property owner.
6. Must comply with the provisions of the latest State of Michigan Executive Order in effect and all subsequent amendments, including, but not limited to, authorization to resume business operations, social distancing, party size, and occupancy requirements as set forth therein.
7. Must comply with all applicable Fire Department and Code regulations and requirements, including approval for outdoor canopies or tents, to ensure Fire Department access is not impeded.
8. Must comply with all State and County Department of Health regulations, Liquor Control Commission, and any other applicable Federal, State, County, or Local agency.
9. Must comply with the Michigan Building Code and Michigan Electrical Code.
10. Any tents or canopies must be securely anchored down and shall obtain separately the appropriate permits from the Fire and/or Building Departments.
11. Outdoor areas must not impede or otherwise impact ingress or egress to any buildings or the property. Seating areas and pathways must also comply with State of Michigan Barrier-Free and Federal ADA requirements.
12. The outdoor business spaces must be separated from sidewalks and driveways by means of landscaping, planter boxes, and/or fences and railings unless otherwise approved by the Township. If tables are located within a parking space or area, temporary physical barrier must be placed separating the dining from the remaining parking in a manner that keeps patrons safe from traffic and that adequate parking remains for staff and patrons including required barrier free spaces. Temporary physical barriers may include, but not be limited to, wheel chocks, planter boxes, decorative fencing, platforms, etc., or a combination thereof as approved by the Building Department. Additional outdoor space cannot occupy or impact undeveloped space, existing required vegetative buffers or designated open space on a property. All temporary outdoor business areas, including but not limited to tables, chairs, and

any other surface that is used by patrons, must be maintained in a clean and orderly manner as described by all Government Agency Requirements.

13. Face coverings/masks are to be worn by patrons and/or employees within all business spaces, indoor or outdoor, as required by any and all State Executive Orders.

15. Temporary permits will be valid thru April 1st 2020 unless extended or rescinded.
16. Hours of operation for outdoor areas shall be restricted to 8am to 9pm Monday thru Thursday, 8am to 10pm Friday and Saturday, and 9am to 6pm on Sunday (unless restricted further by future State of Michigan Executive Orders). Operations outside of these windows may be requested on a case by case basis.
17. Any nuisances (including, but not limited to, noise, parking issues, etc.) that arise from Temporary Approvals for Outdoor Business Spaces must be mitigated by the applicant and/or property owner to eliminate all negative impacts on surrounding properties. Failure to do so could result in revocation of Temporary Approval, in which case all exterior appurtenances are required to be removed within 7 days of revocation. The onus is on the applicant to be a good neighbor.
18. Businesses currently authorized to sell or allow consumption of alcoholic beverages shall comply with all requirements of the State Liquor Control law, including administrative regulations and guidance issued by the Liquor Control Commission relating to COVID-19 licensed area expansions and shall comply with all requirements of Chapter 3 of the City Code.
