SPECIAL LAND USE AND SITE PLAN REVIEW APPLICATION PACKET

OVERVIEW

Once the complete package is received and we have verified confirmation of payment, the submittal will be reviewed. If additional information is required, Planning Department staff will contact you via email or phone with additional instructions.

What is a Special Land Use and Site Plan request? A Special Land Use and Site Plan application is for a project that has a use that is outside of list of permitted uses for a property due to the potential impacts that use may have on adjacent properties and includes site improvements. The application includes a full site plan drawn to scale, showing the layout of proposed uses and structures that meets site plan submittal requirements.

How long does Site Plan Approval remain valid? Site Plan approval is valid for two (2) years from the date of approval and may be extended by the Planning Commission if the applicant makes a request in writing before the expiration date. It is not Macomb Township's responsibility to notify a project representative prior to the project expiration date. Failure to apply for an extension before the expiration date will require a new submittal including payment.

What are the procedures for a Special Land Use and Site Plan Review? Upon receipt of a complete application for the Special Land Use and Site Plan request, the Planning Department will distribute the application and submittals to internal departments for an approximate ten (10) day review period. Results of the reviews will be communicated to the applicant and a public hearing will be scheduled with the Planning Commission, at which **your presence is mandatory**. The Planning Commission has final authority to approve or deny the requested Special Land Use and Site Plan.
